Subject: summary and commitments, technical meeting

Dee and Kristen: Thank you for hosting EPA last week.

All: Thank you for your contributions to the Haskell Lake technical meeting. I've attached a summary of the many commitments made as you considered how to move forward. We re-grouped and re-numbered the items, but you will find no changes from your conversation. It's great to see that some commitments have already been achieved. I look forward to more progress soon.

Please distribute the summary within your organizations, as needed. Thanks again for inviting TIAO to take part.

Vr,
